The Establishing of a public road to the farm of Harley and Lottie McDonald in the E 1/2 NE 1/4, Sec. 29, and W 1/2 NW 1/4 Sec. 28, T. 1 N R 39 EWM Union County, Oregon)))))))	AMENDED AND SUPPLEMENTAL ORDER CONFIRMING REPORT OF COUNTY ROAD VIEWERS
--	---------------------------------	---

On April 24, 1967 the Board of County Road Viewers herein filed a report, based upon the petition of Harley McDonald and Lottie McDonald and the Order of this Court, and on May 10, 1967 an amendment to said report by said road viewers was made and entered herein, changing the assessment of damages from \$20 to \$120. Photocopies of the original reports herein referred to are attached to this Order and by this reference made a part hereof.

It appears to the County Court that the report of viewers and the amendment hereto are just, with the exceptions hereafter noted, and that the petitioners have paid into this court the cost of the viewers and the damages assessed on May 11, 1956; that the petitions should be required to fence and maintain the fence on both sides of the roadway provided for in these proceedings and that said roadway should be considered a public road; Now, Therefore,

IT IS HEREBY CONSIDERED AND ORDERED that, with the exception hereafter noted, the reports of the board of county road viewers above referred to be and the same are hereby confirmed, and a public road 30 feet wide is hereby established along the following line and in the following location:

The northern boundary line thereof shall be the north line of the northwest quarter of the southeast quarter of Section 29, Township 1 North Range 39 EWM: it shall commence at the edge of the Hug-McDonald county road at the west end of the above quarter section line and then shall run east along that line approximately 1100 feet to a natural drainage depression; from this point it shall proceed in a southeasterly direction, following said natural depression for a distance of approximately 200 feet to a natural opening in the timber, and from such opening it shall proceed approximately 100 feet northeast to a point 30 feet south of the southwest property corner of Harley and Lottie McDonald at the southwest corner of the southwest quarter of the northeast quarter of Section 29, said township and range.

IT IS FURTHER CONSIDERED AND ORDERED that a public road be established, starting at the northwest corner of the Mary Hanson property at the northwest corner of the northeast quarter of southeast quarter of Section 29, said township and range, and shall proceed thence south 30 feet; thence east 30 feet; thence north 30 feet to the Hanson-McDonald property line so that public access is provided by said public road to both the McDonald and Hanson property at that point.

IT IS FURTHER ORDERED that the public road herein referred to shall include the northeast corner of the northwest quarter of the southeast quarter of Section 29 as cut off by the job by following the natural drainage depression described above. The reason for such deviation from a straight line along the above described quarter boundary being that there is a steep rocky bluff from the natural drainage feature above mentioned running due eastward and a road way going up the bluff would be impractical.

IT IS FURTHER ORDERED that the owners of the McDpnald property and their successors in interest shall build a standard fence on both sides of the public road herein created and shall maintain said fence at their own expense sufficient to turn cattle.

IT IS FURTHER ORDERED that the owners of the McDonald property and their successors in interest shall build a standard fence on both sides of the public road herein created and shall maintain said fence at their own expense sufficient to turn cattle.

IT IS FURTHER ORDERED that the owners of the McDonald property and their successors install and maintain a standard gate not less than 20 feet wide at the northeast corner of the Mary Hanson property in the existing fence running south from said point.

IT IS FURTHER ORDERED that the road viewers shall be paid by the petitioners the amount of \$30.00 for their services herein.

IN IS FURTHER ORDERED that Lavon Culver and Vera Culver, the owners of the property across which the said road is established they be paid the amount of \$120.00. The Court finds that said funds have been paid by the petitioners and deposited with the clerk of this court, and it is hereby ordered that the Clrrk make disbursal of said funds pursuant to the requirements of this order.

IT IS FURTHER ORBERED that the reports of the Board of County Road Viewers above referred to be recorded as provided in ORS 376.115.

(No record in Commissioners Docket of Court convening on this date, Order dated Wednesday, January 24, 1968.)

REPORT OF BOARD OF COUNTY ROAD VIEWERS

TO THE HONORABLE COUNTY COURT FOR UNION COUNTY, OREGON:

The undersigned Board of County Road Viewers, heretofore on the 24th day of April 1967, did meet as instructed at 10:00 a.m. on April 24th, 1967, to lay out and alter a proposed public road petitioned for by Harley and Lottie McDonald for access to their property located in the east half of the northeast quarter of Section 29, and the west half of the northwest quarter of Section 28, all Twp 1 North, Range 39 E1/4, and our findings are as follows:

1. An access way 30 feet wide with the northern boundary being the north line of the Northwest one quarter of the Southeast one quarter, Section 29, Township 1 North, Range 39 East; starting at the edge of the Hug-McDonald county road at the West end of the above quarter section line and running East along this line approximately eleven hundred feet to the natural drainage depression; from this point proceeding in a Southeasterly direction up this natural depression for a distance of approximately two hundred feet to a natural opening in the timber from this opening approximately one hundred feet Northeast to a point thirty feet south of the Southwest property corner of Harley and Lottie McDonald at the Southwest corner of the Southwest one quarter of the Northeast one quarter of Section 29, to be provided.
 2. That an access way be provided starting at the Northwest corner of the Mary Hanson property at the Northwest corner of the Northeast one quarter of the Southeast one quarter, Section 29, and proceeding South thirty feet, east thirty feet and north thirty feet to the Hanson-McDonald property boundary, providing public access to both the McDonald and Hanson property at this point.
 3. That public access way to include the Northeast corner of the Northwest one quarter of the Southeast one quarter of Section 29 as cut off by the jog created by following the natural drainage described in Paragraph One. The reason for this deviation from following a straight line along the above described quarter boundary being that there is a steep rocky bluff from the natural drainage feature above mentioned running due Eastward and a roadway running straight up this bluff would be impractical.
 4. That the owners of the McDonald property build a standard fence on both sides of this access way and maintain the upper half of each fence--nearest to their property.
- That the value of the proposed public access way be that shown on the county assessor's records.
6. That the owners of the McDonald property unstick and maintain a standard gate not less than twenty feet wide at the Northwest corner of the Mary Hanson property in the existing fence running South from this point. It is further recommended that the sum of \$30.00 be required to be paid to Union County to cover fees for the road viewers. This sum to be paid by the petitioners.
