DISCUSSION:
Tina Routt – Courts position and relay of Judge Powers' position. This will default to the DA's office to file the charging document appropriately. The judgment will only reflect the charging document. Don't anticipate this being an issue as the DA's office is consistent with their DV filings and how they are alleged. Deferred to Ms. McDaniel for further.
Kelsie McDaniel – Agreed, advised nothing further to add. Mentioned that they will be moving to a statewide charging system in the future.
Travis Miller – Advised wanted to confirm all were on the same page, as funding for supervision will be determined on how the charges read in the judgment.
