

**CERTIFIED RECORD OF LAND CORNER MONUMENTATION**

**History of original corner establishment:**

Corner originally established by John A. Hurlburt, U.S. Deputy Surveyor, under GLO contract No. 201 dated August 5, 1873. Surveyor General records state:

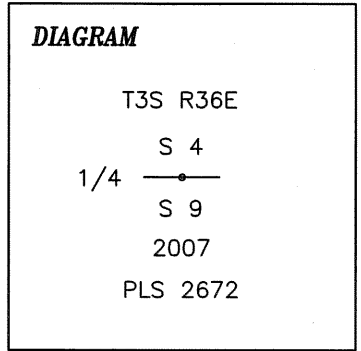

Set a pine post 4 ft. long, 3 in. thick, 2 ft. in ground for 1/4 sec. cor.

From which:

A pine, 10 in. dia., North, 33 lks.

A pine, 30 in. dia., S35°W, 60 lks.

E-11

Standard USFS Cap

**Description of corner evidence found:**

A Ponderosa Pine to North, 16" in diameter, with partially visible scribing on burnt upper face and BT scribed on lower face with chaining notch (original bearing tree). A stump hole of indeterminate size at record bearing and distance to SW. No evidence of original post. Area burned by Spring Fire in 2005.

**Description of monument and accessories I established to perpetuate the original location of this corner:**

At record bearing and distance from the original bearing tree (North, 33 Lks.), I set a 2 1/2" x 30" aluminum pipe with a standard USFS 3 1/4" diameter aluminum cap marked as shown in the corner diagram 25" in the ground in a stone mound. Set galvanized steel post with 54-9 sign 5' to West.

From which:

A Ponderosa Pine 14" in diameter bears S42°E, 33.3' scribed 1/4 S9 BT.

A Ponderosa Pine 15" in diameter bears S57°W, 47.8' scribed 1/4 S9 BT.

A Ponderosa Pine 9" in diameter bears N68°W, 29.4' scribed X BT.

New bearing trees have 54-3 and 54-9 signs attached, a brass washer stamped PLS 2672 nailed between the B and T on the lower face, and a 6" red painted band. Bearing tree faces are also painted red. The distance is measured to a 60d spike in the right side center of the bearing trees. The original bearing tree has 54-3 and 54-9 signs attached and a 6" red painted band.

Geodetic Coordinates (NAD83):

N 45°19'33.78"

W 118°18'52.62"

Geodetic coordinates were obtained from a Trimble Geo-Explorer mapping grade GPS receiver and have been differentially corrected.

Date: May 15, 2007  
Declination: 16° E
