

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

This $\frac{1}{4}$ corner was set by deputy surveyor W.B. Barr, under Contract No. 388, dated May 7, 1881. He states he set a marked basalt rock 16" x 12" x 10" for $\frac{1}{4}$ sec. cor. from which:
 A fir 3" dia. bears N 40 W, 26 lks. dist.
 A fir 8" dia. bears N 82 E, 25 lks. dist.

Description of corner evidence found:

At the assumed $\frac{1}{4}$ corner location I found a stone set in place but broken and measuring 18" x 12" x 10" with a small mound of stone around it. I found no visible markings on the stone. I also found a western larch stump 16" dia. with an ax mark like a chaining notch that was healed over. Where the notch is located the tree would have been approximately 3" in dia. It bears N 45 W, 21.40 feet from the mound of stone.

Description of monument and accessories I established to perpetuate the original location of this corner:

Even though the stump did not entirely agree to the GLO description but since the stone was set in place I accepted the stone as being the true $\frac{1}{4}$ corner. I then set an Alum. cap on a 2" x 30" pipe, with a magnet fixed in the cap, at the corner location. I buried the pipe to within 4" above the surface of the ground, with the broken pieces of the stone I found, fit together, buried along the west side of the pipe. I then placed a mound of stone 3 feet dia. and 1 foot high covering the monument. From which I set two new bearing trees:
 A western larch 11" dia. bears N 62 00 E, 37.75 feet and scribed $\frac{1}{4}$ S S 13 BT.
 A western larch 7" dia. bears S 66 30 W, 30.95 feet and scribed $\frac{1}{4}$ S S 14 BT.
