

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

This $\frac{1}{4}$ corner was set by deputy surveyor Timothy W. Davenport, under Contract No. 102, dated July 20, 1863. He states he set a quarter sec. post in a mound of earth and drove charred stake as per instructions.

Description of corner evidence found:

At the assumed $\frac{1}{4}$ corner location I found a mound of earth grown over with heavy sod and grass; the mound agreed as to a distance of 7.25 chains North to a spring branch as was mentioned in the GLO notes.

Description of monument and accessories I established to perpetuate the original location of this corner:

With the mound of earth agreeing to the GLO calls and appears correct by survey, I accepted the mound as the true $\frac{1}{4}$ corner. I then set an Alum. cap on a 2" x 30" pipe, with a magnet fixed in the cap, at the corner location. I buried the pipe to within 6" above the ground. I then placed a mound of stone 3 feet dia. and 1 foot high covering the monument. There are no bearing trees available in the vicinity of this corner.
