

Found PK nail at the called position. I also found a brass cap located 1.83 feet south and 8.08 feet east of this position. This survey was referenced to this location at the request of the Deputy County Surveyor. This survey is not to accept or reject either position, but to show one and reference it.

Narrative

This survey was done at the request of the La Grande City Council to allow for an access route to the property on the east (Voelz property). This survey was done with sole reference to county survey no. 20-75 since both parties recognize and accept its established location. There were no further problems encountered and the survey was completed as shown.
