- Map of survey no. 12-85
- Map of survey no. 18-89

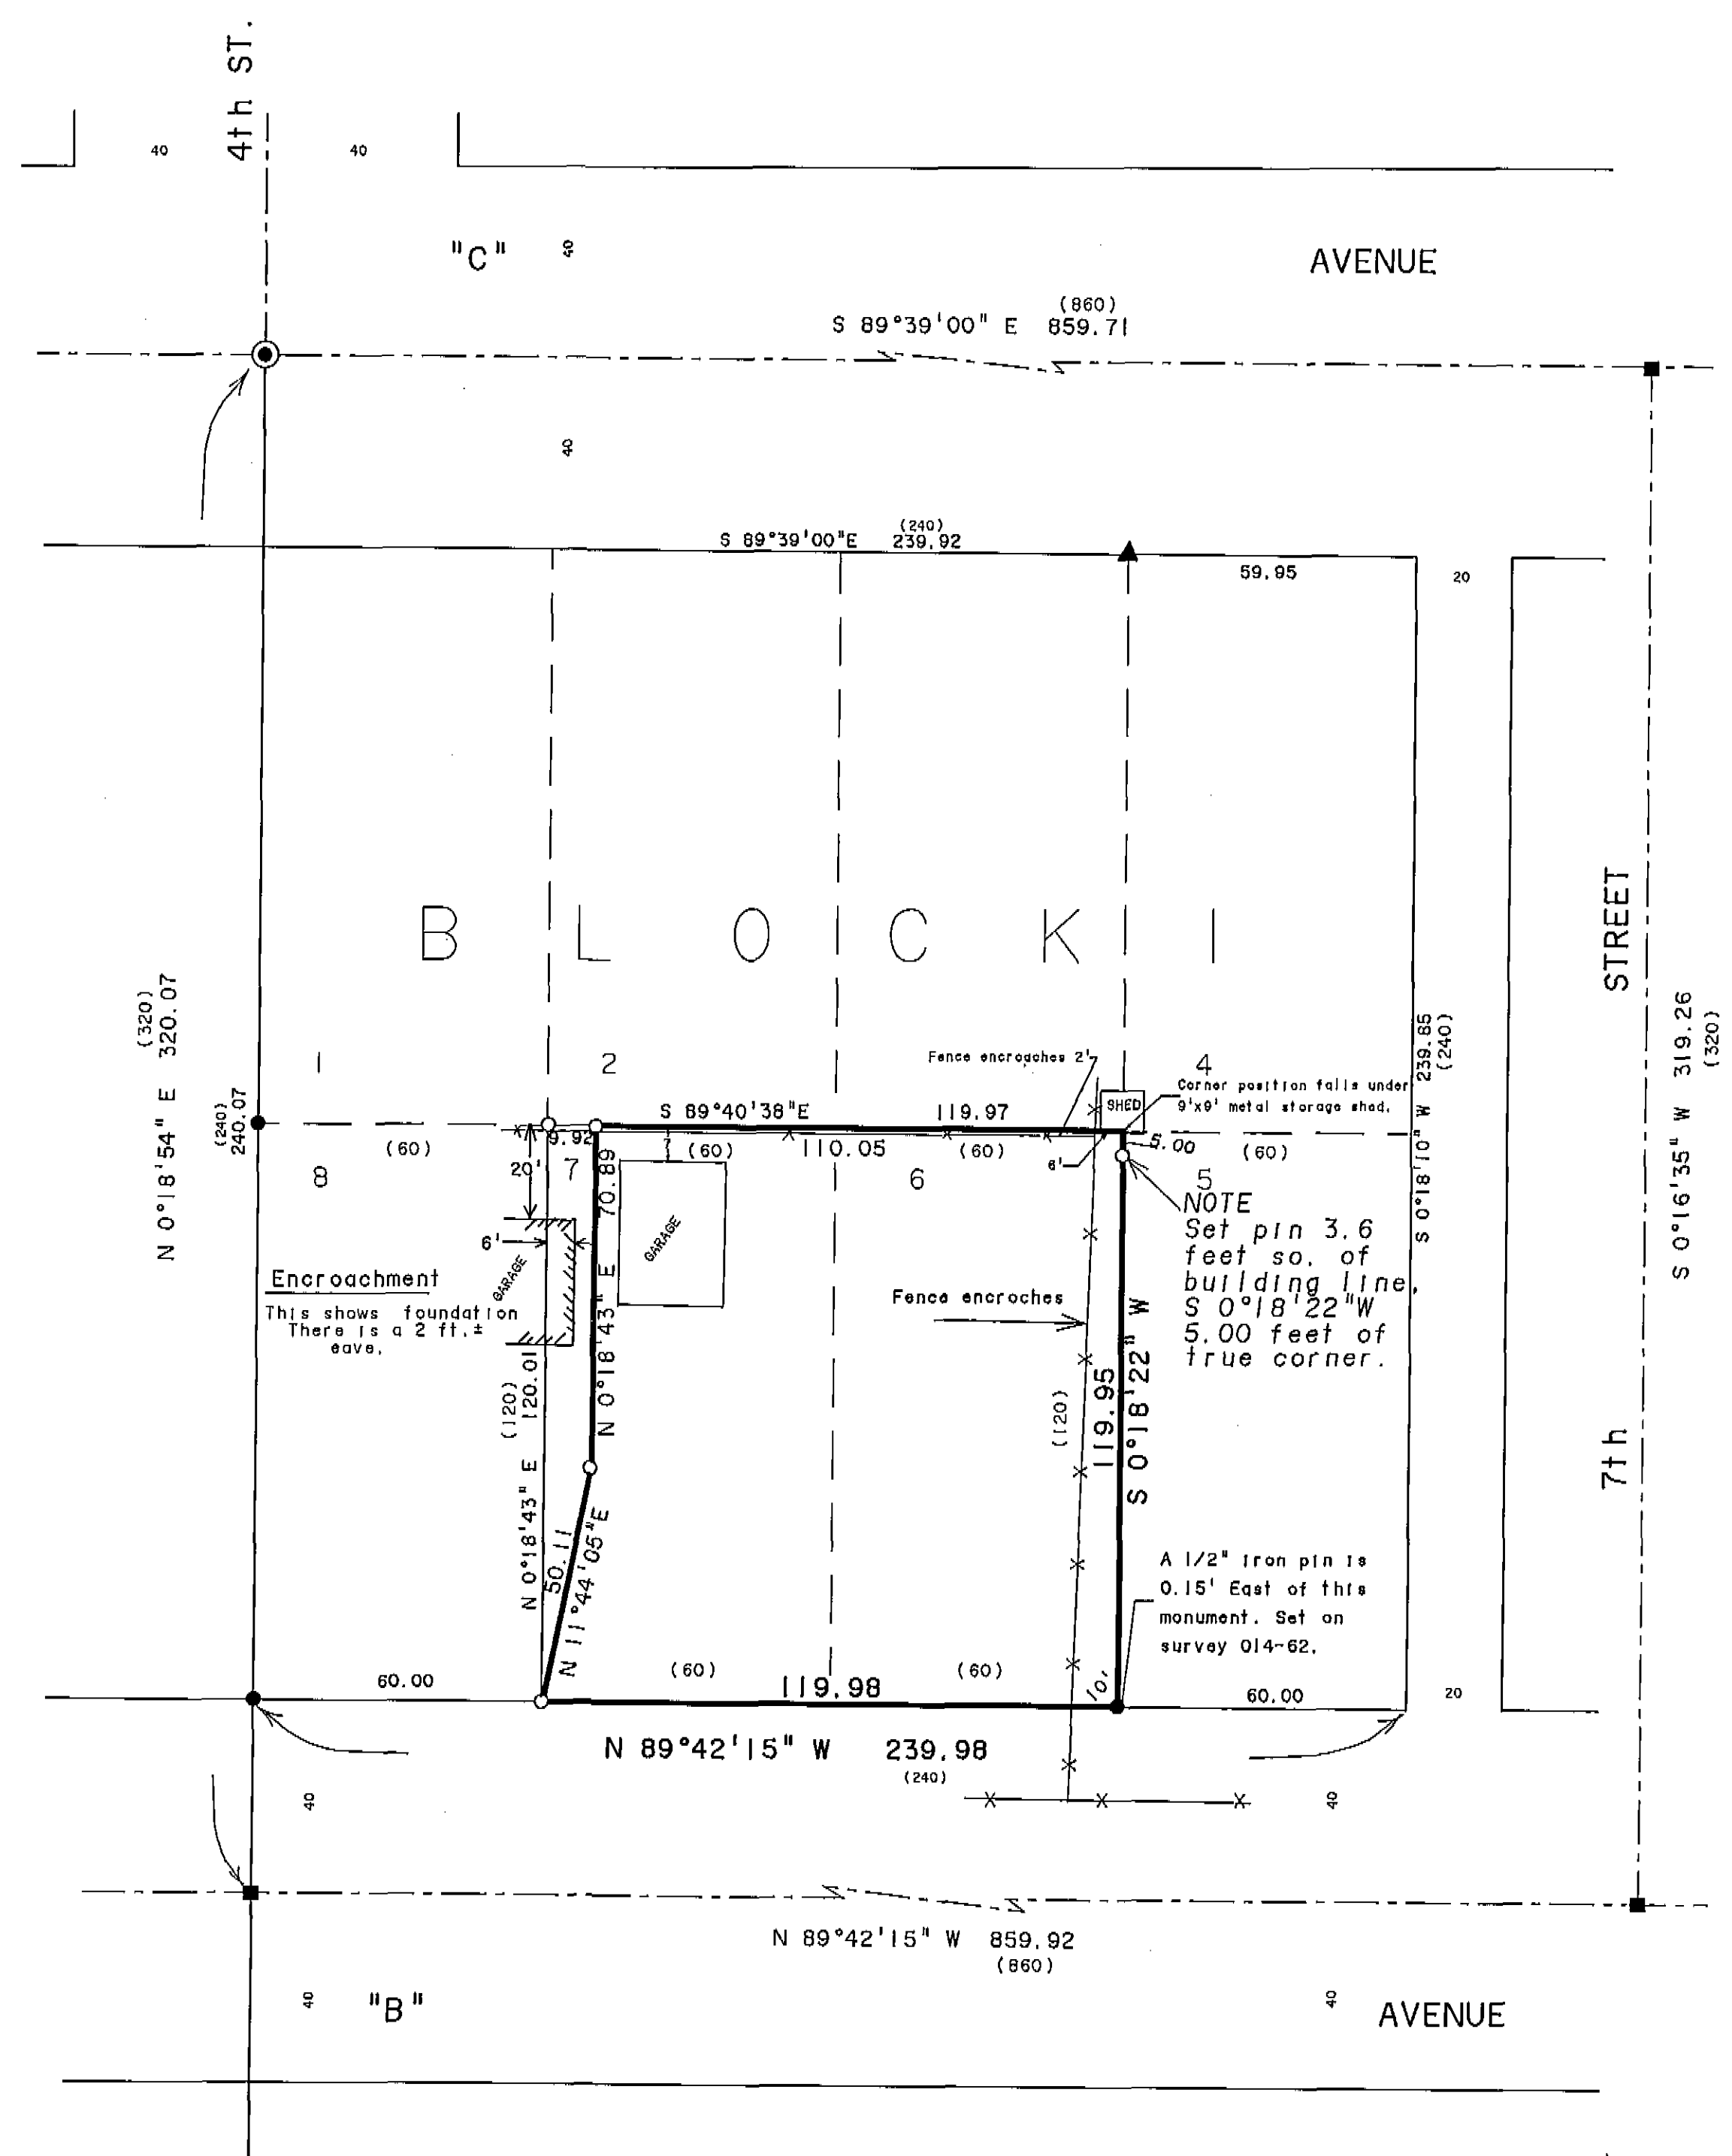

NARRATIVE

This survey was made at the request of John Lamoreau to locate the encroachments as shown, the building on the west and the fence on the east. I found controlling points as shown. At the SW corner of lot 5, I found two pins as noted, they were probably set by Voelz in surveys 14-62 and 52-72. I used the 5/8 pin. I found no other unusual conditions.
