Dear Mr. Blackman:

During its April 9th meeting the Board of Engineering Examiners unanimously voted to accept the recommendation of the Board's Law Enforcement Committee that the complaint against you concerning the La Grande Municipal Airport survey was not valid and that the complaint be dismissed. The Board appreciates the cooperation that you provided in documenting in detail the circumstances surrounding your survey.

We are temporarily retaining the aerial photographs and maps that you submitted but will return them to you within the next 30 to 45 days. Should you need them prior to that time, please let us know.

Sincerely yours,

Paul D. Christerson
