NARRATIVE

This survey was done at the request of Ray Krapo on behalf the City of La Grande Public Works. Mr. Krapo wanted to monument the centerline of J Ave and 13th Street following a paving project. This position was established by reference monuments, as shown on Survey Number 026-2017, which have since been removed. I place the centerline at this coordinate position determined by ties to references prior to removal. I find no other unusual conditions with this survey.
