NARRATIVE

This survey was done at the request of Patrick Marolla, on behalf of Hancock Forest Management, owner of the land within. Mr. Marolla wanted select corners set to establish property lines prior to logging. At the Southwest corner of Section 6, I find the remnants of the NW bearing tree with visible BT scribes as well as the living SW bearing tree. I find both bearing trees at the West quarter corner of Section 18, alive and vigorous. I set both monuments at record bearing and distance. I make a search for intermediate corners but find no remaining evidence. I establish their position at proportionate position. I find no unusual conditions with this survey.
