 Scale: 1" = 600' Drawn by: K. A. T. Nov. 2019

### NARRATIVE

This survey was done at the request of Patrick Marolla on behalf of Hancock Forest Management, land manager of the land within. Mr. Marolla wanted select monuments set and lines posted prior to logging. I find monuments set by Surveys 22-86 and 031-2012 in position and harmonious with record measurements. I make a search for the North and East quarter corners of Section 33, but find no remaining evidence of the original GLO corners. The area has been heavily logged. I use the proportionate positions but do not set monuments as the area is under one ownership. Break of the section was done as per BLM Manual of Instructions 2009. I find no unusual conditions with this survey.
