

Township Two (2) South Range Thirty nine (39) Union County, Oregon.

Survey made April 25, 1913 for Larsen and Pratt.  
Sec. 6, T. 2, S. R. 39, E. 10 W. The green lines on plot indicate the lines established.

I used survey No. 90 as a guide to the division of this land and as to the location of present fence lines.

I found the old worm fence to correspond to the survey 90 at the West side of Sec. 6. at the East side of West half however the old worm fence equally divide the section but is shy 16 feet of recorded distance survey No. 90. I equally divided the East line of SW 4 sec 6 as shown on plot.

The new fence line on the north line of S 1/2 of SW 4 sec. 6 is on line at West side of sec. 6 but is 6 1/2 feet north of position when the equal division of line is made. Survey 90 gives the East side of sec. 6 to be equally divided.

Survey recorded April 26, 1913. By C. T. Darley Co. Surveyor.
