| Important Questions | Answers | Why This Matters: |
|---|--|--|
| What is the overall <u>deductible</u>? | \$250 individual / \$750 family per calendar year. | Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . |
| Are there services covered before you meet your <u>deductible</u>? | Yes. Certain <u>preventive care</u> and those services listed below as " <u>deductible</u> does not apply" or as "No charge." | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other <u>deductibles</u> for specific services? | No. | You don't have to meet <u>deductibles</u> for specific services. |
| What is the <u>out-of-pocket limit</u> for this <u>plan</u>? | <u>Preferred</u> & <u>Participating</u> : \$2,250 individual / \$4,750 family per calendar year. <u>Nonparticipating</u> : \$4,250 individual / \$8,750 family per calendar year. | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. |
| What is not included in the <u>out-of-pocket limit</u>? | <u>Copayments</u> for alternative care, <u>premiums</u> , <u>balance-billed</u> charges, and health care this <u>plan</u> doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Will you pay less if you use a <u>network provider</u>? | Yes. See https://regence.com/go/OR/Preferred or call 1 (888) 370-6159 for a list of <u>network providers</u> . | You pay the least if you use a <u>provider</u> in the preferred <u>network</u> . You pay more if you use a <u>provider</u> in the participating <u>network</u> . You will pay the most if you use a <u>nonparticipating provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use a <u>nonparticipating provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u>? | No. | You can see the <u>specialist</u> you choose without a <u>referral</u> . |

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Welcome to Express Scripts

CIS and Express Scripts want you to know that Express Scripts manages your prescription plan. We care about your health and work to make medications safer and more affordable. We encourage you to take advantage of the services and resources available to help you and your dependents manage your pharmacy benefit. We look forward to serving you soon!

Why pay more? Make the move to a 3-month supply.

Under your prescription plan, you have the option to order 3-month supplies of long-term medications from certain participating retail pharmacies or through home delivery from Express Scripts Pharmacy®.¹

To start ordering a 3-month supply from Express Scripts Pharmacy, register or log in at [express-scripts.com](https://www.express-scripts.com). (Standard shipping is free with home delivery.²)

To find a retail pharmacy that participates in 3-month supplies, log in at [express-scripts.com](https://www.express-scripts.com) and choose Find a Pharmacy from the menu under Prescriptions. The pharmacy can tell you how to transfer your prescription or start a new one. Search results will indicate whether a pharmacy is eligible to dispense up to a 3-month supply.

According to your plan, you can keep filling one month at a time but you could miss out on convenience and savings.

¹Long-term medications are taken for an ongoing condition, such as high blood pressure, high cholesterol and asthma.

²Cost of standard shipping is included as part of your prescription plan.

Accredo, Your Specialty Pharmacy

Accredo is the Express Scripts specialty pharmacy. A specialty pharmacy provides medication and therapy for patients with serious, chronic conditions like cancer and hepatitis C. Accredo offers teams of pharmacists, nurses and clinicians who are specially trained on your condition. This level of individualized, focused care gives you the most comprehensive, compassionate and customized care available.

Accredo offers many patient support services, including:

- Personal care and health advocacy assistance from patient care coordinators
- Coordination of financial assistance (availability varies by plan)
- Guidance for patients and caregivers for taking specialty medications most effectively
- All necessary ancillary supplies such as syringes and sharps containers

Specialty medications must be filled through Accredo to receive coverage. To learn more about Accredo, please visit [accredo.com](https://www.accredo.com).

Important Note: Due to increased costs, copays for specialty drugs are increasing effective 1/1/21. Please review the Accredo Specialty Drug list included with these materials to determine if the drug(s) you're taking are considered specialty and will be impacted.

CIS has partnered with SaveonSP to provide a specialty pharmacy copayment assistance program. If you attempt to fill a specialty prescription that falls under this program, an Accredo representative will assist you with enrollment in the program by transferring you to SaveonSP. More information about this program can be found in your Regence Plan Booklet.

Network Retail Pharmacies

Network pharmacies are retail pharmacies that are preferred by your prescription plan. Use them for prescriptions you need on a short-term basis, like an antibiotic to treat an infection. When you go to an in-network pharmacy for up to a 30-day supply of medication, you'll typically pay less than at a retail pharmacy that's out of your network.

To find an in-network pharmacy near you, go to [express-scripts.com/CIS6](https://www.express-scripts.com/CIS6) and select Locate a Pharmacy. Search results will indicate whether a pharmacy is eligible to dispense up to a 3-month supply. You may also log in at [express-scripts.com](https://www.express-scripts.com) and choose **Find a Pharmacy** from the menu under **Prescriptions** or call Express Scripts at 800.496.4182.

If you're new to Regence BCBS coverage, be sure to show your new Express Scripts ID card at the pharmacy. You can also access your ID card by downloading the Express Scripts® mobile app. If you don't show your ID card and instead choose to pay the entire cost of the medication, you must submit a claim form to Express Scripts for reimbursement. You'll be reimbursed based on the covered medication's contracted rate minus the appropriate copayment. This amount will be lower than the amount you paid out of pocket at the retail pharmacy.

If you need to transfer your prescription from an out-of-network pharmacy to an in-network pharmacy, just choose one of the following:

- Bring your prescription vial or container to an in-network pharmacy, and the pharmacist will transfer it.
- Call a pharmacy in your network, and ask the pharmacist to transfer your medication.
- Ask your doctor to send your prescription in to an in-network pharmacy using e-prescribing.

Manage Your Prescription

One of the great things about being an Express Scripts member is that you can manage your medication easily on your laptop, tablet, desktop or phone. Whether you want to check your order status, look for savings opportunities, look up information about your benefit, get a refill or even find a pharmacy, the Express Scripts website and mobile app can help!

Just register at [express-scripts.com](https://www.express-scripts.com) or download the mobile app to your mobile device for free by searching your app store for Express Scripts. (Availability and features may vary.)

Formulary

A preferred drug list, also called a formulary, helps keep healthcare costs down for everybody. It's a list of medications that have been reviewed and approved for safety and effectiveness by a panel of doctors and pharmacists. This list is continually reviewed and updated as new medications become available.

Note that certain medications are excluded from your formulary, which means they're not covered. An equally effective and safe alternative may be available. To check pricing and coverage for a medication, visit [express-scripts.com/CIS6](https://www.express-scripts.com/CIS6). Drug classes with excluded medications include Autonomic and Central Nervous System, Cardiovascular and Dermatological.

Unless otherwise noted, all brand and generic formulations of a product are considered specialty.
