

APRIL 19, 2023

FLOODPLAIN RESTORATION PROJECT TOUR

The Upper Grande Ronde River Watershed Partnership

is hosting a field trip in the Umatilla Forest. We will be heading to McCoy Meadows, Birdtrack Spring, and Longley meadows to learn about the benefits and challenges of natural floodplain restoration projects. Meet us at Hilgard State Park at 2:30pm.

Visit 3 restoration project locations

Project Managers will provide action descriptions at each site

Learn how shallow groundwater storage is an important project objective

Dinner provided!

Explore the benefits of functioning floodplains

Join us on April 19 at 2:30 at Hilgard State Park to start the tour
